CATHERINE LOZADA BEDOYA

FRONT-END DEVELOPER

ABOUT ME

As a highly motivated FrontEnd Developer with over 2 years of experience, I have a passion for learning and am always seeking out new challenges to improve my skills. I am dedicated to producing high-quality work and delivering exceptional results. My expertise in React JS, HTML5, CSS3, JavaScript, and other front-end technologies allows me to create responsive and visually appealing websites that meet client needs.

EXPERIENCE

Frontend Developer
Fcking Brand Me   **(April 2021 - Present)**

- Led the development of responsive web designs for the company's website, resulting in improved user experience and increased traffic.
- Collaborated with cross-functional product team members to implement new feature developments and enhancements, contributing to the growth of the business.
- Applied agile methodologies such as Scrum to complete projects on time and within budget, while ensuring quality standards were met.
- Developed the majority of the front-end using Bootstrap as a framework and React JS, utilizing best practices for maintainability and scalability.
- Utilized Git and GitHub for version control and collaboration, and implemented advanced features such as JSX and Next JS.
- Leveraged Request API to enhance the website's functionality and performance, resulting in faster load times and improved user engagement.

Tools/Technologies: React JS, Bootstrap, GitHub, Scrum, Trello, Git, JSX, Next JS, Request API.

Frontend Developer
Nanasqa Hostel   **(2 Months)**

- Designed and developed the majority of the front-end using Bootstrap as a framework, ensuring consistent and seamless user experience.
- Assisted in managing tickets on the agile tool, ensuring efficient and effective project management.
- Leveraged HTML5, CSS3, and JS to deliver high-quality and responsive web designs.
- Utilized Git and GitHub for version control and collaboration, ensuring code quality and maintainability.

Tools/Technologies: Trello, HTML 5, CSS3, JS, Git, GitHub.

Frontend Developer
La Chosita Wellness Center   **(1 Month)**

- Developed and delivered high-quality and responsive web designs using Bootstrap as a framework, resulting in improved user experience.
- Leveraged HTML5, CSS3, and JS to implement advanced features and functionalities, contributing to the success of the project.
- Assisted in managing tickets on the agile tool, ensuring effective and efficient project management.
- Utilized Git and GitHub for version control and collaboration, ensuring code quality and maintainability.

Tools/Technologies: Trello, HTML 5, CSS3, JS, Git, GitHub.

EDUCATION

Technology in Production Systems
University ITM | Jan 2011 - Dec 2014

As a professional who intervenes in production systems and their processes, I incorporate new work methods, manage production, and use resources efficiently.
